

## Series 210

Momentary Action Sealed Foot Switch  
Very low profile control with a  
polished aluminum housing  
15 AMP, 1/2 HP, 125/250 VAC

### Momentary Action

#### Custom Foot Switches:

The Series 210 can be provided with special nameplates, cord sets, plugs, strain reliefs, and other features that may be required for specific applications.

### FEATURES

1. Polished aluminum housing with plated steel pedals.
2. 1/2" NPTF connector hole standard for cable strain relief fittings. Other connector holes available on request.
3. No exterior springs! Two torsion springs located inside foot switch.
4. Two mounting holes.
5. Capable of handling up to 12/3 cable or .50" O.D.
6. .187" x .020" quick connect terminals.
7. Wide target area for foot operation.
8. Long life snap switch.
9. #8 grounding screw is provided.
10. Skid-resistant elastomeric base pad.
11. UL listed to U.S. and Canadian safety standards.
12. NEMA and IEC Ingress Protection (IP) rated.
13. Two pedal model has an integral barrier.
14. Low profile design.
15. Buna-N O-Ring and Buna-N gasket seals.
16. Numerous cord strain reliefs available for your special requirements.

### BENEFITS

The Series 200 foot switch was designed to offer environmentally sealed protection without the bulk of most sealed foot switches in the market today. Its unique treadle design provides a wide target area of operation. For operations requiring separate control initiation, a dual treadle model is available with an integrated barrier discouraging both treadles from operating at the same time.
