

# Series 220

Sealed, Momentary, Dual-Action  
Low-profile control contained within a durable  
aluminum housing with ingress protection

## Momentary Dual Action

### Custom Foot Switches:

The Series 220 can be provided with special nameplates, cord sets, plugs, strain reliefs, and other features that may be required for specific applications.

## BENEFITS

Offering environmentally sealed protection, the Series 220 foot switch utilizes a low-profile design ideal for space-saving installations. For enhanced safety and precision, this dual pedal model includes an integrated barrier to prevent simultaneous operation.

## FEATURES

1. Sturdy aluminum housing with plated steel pedals.
2. 1/2" NPTF connector hole standard for cable strain relief fittings. Other connector holes available on request.
3. No exterior springs! Two torsion springs located inside foot switch.
4. Two mounting holes.
5. Capable of handling up to 12/3 cable or .50" O.D.
6. .187" x .020" quick connect terminals.
7. Wide target area for foot operation.
8. Long life snap switch.
9. #8 grounding screw is provided.
10. Skid-resistant elastomeric base pad.
11. Single foot switch model available without barrier.
12. Integrated barrier.
13. Low profile design.
14. Buna-N O-Ring and Buna-N gasket seals.
15. Numerous cord strain reliefs available for your special requirements.
