

Series 892

Traditional, Momentary Action
A classic design that is reliable and versatile enough to handle any operation

FEATURES

1. Solid steel construction, with a full cover and base pads.
2. The 892 features a cable clamp that is located inside the foot switch.
3. Redundant corrosion-resistant spring system.
4. High strength socket head hinge screws.
5. All threaded openings are extruded to provide extra thread engagement.
6. Two mounting holes.
7. Capable of handling up to 14/3 cord.
8. .187" x .020" quick-connect terminals required.
9. Long life snap switch.
10. #8 grounding screw is provided.
11. High quality, black epoxy coating.

Momentary Action

Custom Foot Switches:

The Series 892 can be provided with special nameplates, cord sets, plugs, strain reliefs, and other features that may be required for specific applications.

BENEFITS

Constructed with solid steel and a full cover for maximum durability, the Series 892 foot switch prioritizes operator comfort and productivity. It provides safe, efficient operation with dual and triple foot switch options that allow for separate control initiation.
