2. Skid-resistant elastomeric base pads.
3. Available with or without baseplate.
4. Optional private labeling.
5. Threaded openings are extruded to provide extra thread engagement.
6. High quality, black E-Coat.

Momentary Action

Custom Foot Switches:
The Series 894 can be provided with special nameplates, tubing, legris fittings, strain reliefs, and other features that may be required for specific applications.

BENEFITS

The Series 894 foot switch utilizes heavy-gauge steel construction around a cast air valve, offering superior reliability. Versatile and easy to use, the innovative three-way ports enable instant connections and quick setups.
